Practice Nurse Required 23 hours per week

We are looking for an enthusiastic and experienced practice nurse to join our friendly high achieving team, working from a purpose-built building, caring for 4470 patients. We use EMIS web clinical system.

KEY RESPONSIBILITIES

- Administer adult and child immunisations and vaccinations in accordance with national and local programs.
- Takes a lead in areas such as Asthma and COPD management, undertakes the establishment and running of disease management clinics and provides specialist nursing care for the patients or communities that practice serves.
- Management of chronic diseases which includes diabetes, asthma, hypertension, COPD, CVA/TIA, CHD, and CHD risk assessment and management.
- To provide ear syringing, treatment for cuts and bruises, dressing of wounds and leg ulcers and removal of sutures.
- Acting as Nurse Lead for Infection Control, ensuring all infection control policies are implemented in the practice.
- Ability to perform cytology and provide family planning services would be an advantage
- Nonmedical prescribing would be desirable but not essential.

Remuneration based on experience and negotiable

Applications to be sent to E-mail address : karen.hornby@nhs.net Or post to: Karen Hornby, 156 Commonfield Road, Woodchurch, Wirral, CH49 7LP.
